illustrating the cultural significance of film and its power as a vehicle for social change this book reveals the intricacies of the cultural movement and explores its connections to other art forms such as photography drama and literature

step into the past in this spine tingling historical adventure from award winning author christopher edge a writer of genuine originality guardian penelope tredwell is the feisty thirteen year old orphan heiress of the bestselling magazine the penny dreadful her masterly tales of the macabre are gripping victorian britain even if no one knows she s the author one day a mysterious filmmaker approaches the penny dreadful with a proposal to turn their sinister stories into motion pictures filming begins but is plagued by a series of strange and frightening events as penelope is drawn into the mysteries surrounding the filming she soon finds herself trapped in a nightmare penned by her own hand can penny uncover the filmmaker s dark secret before it s too late a suspenseful historical adventure series with a supernatural twist the feisty and courageous penelope makes the perfect heroine for an adventure packed with exciting twists and turns booktrust check out these other brilliant books from christopher edge black hole cinema club escape room twelve minutes to midnight the jamie drake equation

this is a new release of the original 1940 edition

an era has ended after one hundred and twenty five years a change has taken place in cinemas the thousands of figures formed by silver and coloured pigments can no longer be viewed through transparent film instead everything has become digital

compressed virtual and built into the rapid alternation of millions hopefully for quality s sake of dots or pixels within a very neat and minuscule grid but projection is just the last link in a chain that is transforming the most direct language invented by humanity over the centuries the other links shooting editing special effects re elaboration and sound reproduction have by now undergone radical transformations that have often signified progress perhaps it is worth the trouble then having accepted this transformation revolution once and for all to understand where we started out from how cinematographic language was born and how its grammar first and later its syntax evolved thanks to technological development without lightweight equipment for sound recording sensitive emulsions portable and compact lighting it would not have been possible at the end of the 50s for example to create identifiable currents of experimentation and concept under such titles as free cinema or nouvelle vague which were largely based on footage from life and no longer reconstructed in the studio that which filmmakers today can achieve even more effectively thanks to a range of digital technologies paradoxically involves working with even more minimal equipment such as a smartphone in front of green or blue screens against absolutely virtual backgrounds in short no more silver and more and more pixels

savior on the silver screen examines nine movies about the life of jesus ranging from the traditional to the provocativeand explores how the image of jesus in each reflects the time and culture in which the film was produced the selections encompass silent foreign epic and musical films both entertaining and insightful savior on the silver screen is structured for easy use in classroom small group and individual settings and includes rental information and practical tips for using the book for each film there is an introduction pre viewing and post viewing questions and a discussion of its major features provided by publisher

fifty years of the great classics of the silver screen recalled with key shots brief resume of the story screen credits and background details of what went on behind the scenes of twenty nine movie classics

this is the first collection of more than 1 800 films dealing with hispanic topics themes and characters arranged chronologically from 1898 to 1935 with indepth annotations cross references and four separate indexes this is a study of hollywood s treatment of hispanics worldwide those living in south central and north america the philippines and spain employing a historical framework the author has organized the work for those interested in assessing the effects that motion pictures have had on the viewing public in establishing and perpetuating accepted stereotypes the role of censorship the production code administration the motion picture society of the americas the latin american market and hollywood s version of hispanic history are fully covered the black legend of hispanic barbarity has existed in literature since the sixteenth century the early film makers and later hollywood merely transferred the black legend to the silver screen and continued the accepted point of view created since the first conflict between england and spain for supremacy in the caribbean this work also shows the relationship between film and foreign policy how films have frequently justified and glorified north american intervention in the affairs of the latin nations throughout the americas each entry includes a brief scenario which details the film s hispanic connection a stereotype a historic interpretation a specific nation associated behavior or attitudes a list of the hispanic actors and actresses reviews bibliographic citations and archival locations are provided

the silver screen is the third in a series of novels that began with a love s almanac

and big as life each is complete on its own but the characters and themes are woven as a tapestry of the four seasons

prolifically illustrated this is the perfect introduction to the history of film for students and budding cinephiles alike this extensive yet accessible book traces the evolution of cinema from the great silver screen classics through postwar movements from film noir to nouvelle vague and up to the present day with the emerging commercial success of 3 d thoroughly illustrated with more than 1 000 stills this book features a definitive assessment of the key writers directors and films of every cinematic genre with an emphasis on influences across time culture and geography detailed timelines position every featured film and director in time and place in relation to key trends even in the age of youtube where everyone is their own auteur films remain the defining artworks of our time and this absorbing lavishly illustrated book is perfect for anyone who loves movies

from the new york times bestselling author of how to read literature like a professor comes an indispensable analysis of our most celebrated medium film no art form is as instantly and continuously gratifying as film when the house lights go down and the lion roars we settle in to be shocked frightened elated moved and thrilled we expect magic while we re being exhilarated and terrified our minds are also processing data of all sorts visual linguistic auditory spatial to collaborate in the construction of meaning thomas c foster s reading the silver screen will show movie buffs students of film and even aspiring screenwriters and directors how to transition from merely being viewers to becoming accomplished readers of this great medium beginning with the grammar of film foster demonstrates how every art form has a grammar a set of practices and if then propositions that amount to rules he goes on to explain how the language of film enables movies to communicate the purpose behind their stories and the messages they are striving to convey to audiences by following and occasionally breaking these rules using the investigative approach readers love in how to read literature like a professor foster examines this grammar of film through various classic and current movies both foreign and domestic with special recourse to the afi 100 years 100 movies lists the categories are idiosyncratic yet revealing in reading the silver screen readers will gain the expertise and confidence to glean all they can from the movies they love

turner classic movies presents a heart racing look into the world of stunt work featuring films that capture the exhilaration of a car chase the comedy of a well timed prat fall or the adrenaline rush from a fight scene complete with reviews behind the scenes stories and hundreds of photographs buckle in and join tcm on a action packed journey through the history of cinema stunt work in danger on the silver screen this action packed guide profiles 50 foundational films with insightful commentary on the history importance and evolution of an often overlooked element of film stunt work with insightful commentary and additional recommendations to expand your repertoire based on your favorites danger on the silver screen is a one of a kind guide perfect for film lovers to learn more about or just brush up on their knowledge of stunt work and includes films such as ben hur 1925 1959 the great k a train robbery 1926 steamboat bill jr 1928 the thing from another world 1951 bullitt 1968 live and let die 1973 the blues brothers 1980 romancing the stone 1984 the matrix 1999 the bourne supremacy 2004 john wick 2014 mission impossible rogue nation 2015 atomic blonde 2017 and many more

silver screen presents an enjoyably different subversive slant on the science fiction themes of ai and cyberspace insecure and overweight heroine anjuli o connell is one of a group of friends who have been hot housed from an early age to perform in genius level jobs but anjuli worries that her eidetic memory and her friendship with genuine smart boy roy croft has been her ticket to success rather than any real intelligence of her own she s put to the test when roy kills himself in an experiment to upload his mind into cyberspace seeking that sf dream of bodiless immortality which doesn t work as expected at the same time her boyfriend s research has led to him harnessing himself to dubious biomechanoid technologies which pull the user into mental symbiosis creating hybrid consciousness a new i continuous with the old but different where does life end and the machine begin meanwhile anjuli s grasping multinational employer optinet the owner of global communications ai 901 is locked into an increasingly bitter war with the machine greens who preach ai liberation as the case for 901 s humanity or otherwise comes up before the strasbourg court expert witness anjuli is targeted by assassins and entangled in the hunt for an algorithm which is the key to machine consciousness and which may even be the master code of life itself this story explores many interfaces between humans and their technologies between the promises of science and the explanations of faith it is written in a first person style that mingles elements of detective story and confessional alongside its sf content the book delves into the complexities of friendship loyalty love and betrayal from an intimate human perspective this is grrrl style sf as well as all the favorite airfix features the protagonists deconstruct personal relationships amidst macrocosmic and deeply philosophical goings on the writing is punchy but with a literary sheen it delivers complex concepts and a twisting plot with a deceptively light touch

most moviegoers think of editing and special effects as distinct components of the filmmaking process we might even conceive of them as polar opposites since effective film editing is often subtle and almost invisible whereas special effects frequently call attention to themselves yet film editors and visual effects artists have worked hand in hand from the dawn of cinema to the present day editing and special visual effects brings together a diverse range of film scholars who trace how the arts of editing and effects have evolved in tandem collectively the contributors demonstrate how these two crafts have been integral to cinematic history starting with the trick films of the early silent era which astounded audiences by splicing in or editing out key frames all the way up to cutting edge effects technologies and concealed edits used to create the illusions throughout readers learn about a variety of filmmaking techniques from classic hollywood s rear projection and matte shots to the fast cuts and wall to wall cgi of the contemporary blockbuster in addition to providing a rich historical overview editing and special visual effects supplies multiple perspectives on these twinned crafts introducing readers to the analog and digital tools used in each craft showing the impact of changes in the film industry and giving the reader a new appreciation for the processes of artistic collaboration they involve

a fascinating trip around the side streets and back to backs of working class cinema exploring the british new wave kitchen sink dramas of the 50s and 60s such as saturday night and sunday morning a taste of honey and this sporting life to kes quadrophenia and this is england from stuffy post war stereotypes to more ethnically diverse work and female orientated films this is an unflinching look at a gritty sub genre and its constant clashes with controversy censorship and the

establishment if you re a fan of challenging unforgettable british movies this book is it all the rest is propaganda

the movie game is the first ever comprehensive guide to the industry on both sides of the atlantic the book outlines the game rules for the majors independents foreign sales agents and the european subsidy system
