the war in yemen is finally coming under scrutiny as the west considers its controversial dealings with saudi arabia

the pulitzer prize winning bestseller now an acclaimed tv series this is the definitive account of the run up to 9 11 from the man who lit the spark of radical islam in 1948 to those who built up a terror network and to the fbi agent whose warnings of something big coming were ignored until the twin towers fell the looming tower is a thriller and it's a tragedy too the new york times the most detailed and thrilling account we have of the events that led to the destruction of the twin towers observer books of the year possibly the best book yet written on the rise of al qaeda beautifully written and wonderfully compelling william dalrymple we meet some formidable schemers and killers crazed with blood and death martin amis

in recent years there has been much controversy about the proper forum in which to prosecute and punish suspected terrorists some have endorsed aggressive use of military commissions others have proposed an entirely new national security court however as the nation strives for a

vigorous and effective response to terrorism we should not lose sight of the important tools that are already at our disposal nor should we forget the costs and risks of seeking to break new ground by departing from established institutions and practices as this white paper shows the existing criminal justice system has proved successful at handling a large number of important and challenging terrorism prosecutions over the past fifteen years without sacrificing national security interests rigorous standards of fairness and due process or just punishment for those guilty of terrorism related crimes

what is the role of founding leaders in shaping terrorist organizations what follows the loss of this formative leader these questions are especially important to religious terrorist groups in which leaders are particularly revered tricia l bacon and elizabeth grimm provide a groundbreaking analysis of how religious terrorist groups manage and adapt to major shifts in leadership they demonstrate that founders create the base from which their successors operate founders establish and explain the group s mission and they determine and justify how it seeks to achieve its objectives bacon and grimm argue that how successors position themselves in terms of the founder shapes a terrorist group s future course they examine how and why different types of successors choose to pursue incremental or discontinuous change bacon and grimm emphasize that the instability surrounding succession can place a group at its most vulnerable the precise time to explore options to weaken or defeat it bacon and grimm highlight similarities between islamic terrorist groups abroad and christian white nationalist groups such as the 1920s ku klux klan in the united states drawing on extensive field research in afghanistan somalia and pakistan terror in transition features detailed analysis of groups such as al shabaab egyptian islamic jihad and al qaeda in iraq the islamic state in iraq as well as the kkk offering a rigorous theoretical perspective on terrorist leadership transition this policy relevant book provides actionable recommendations for counterterrorism practitioners

no two figures could seem further removed than mohandas k gandhi and osama bin laden gandhi advocated an inclusive religious perspective and believed that the highest ideals in religion led to the path of absolute nonviolence in contrast bin laden has concocted a militant and exclusive interpretation of islam and tried to justify some of the most barbarous acts of terrorism witnessed at the turn of the century can both men be equally religious figures as leaders of movements of political protest do they have any points of similarity moreover how can the religious philosophy of nonviolence respond to its nemesis which takes life so easily and casually these and other important questions are explored in this work that examines the lives and ideas of mohandas k gandhi and osama bin laden as well as that of abdul ghaffar khan a refreshing nonviolent representative of islam

al qaeda is the most dangerous terrorist movement in history yet most people in the americas and europe know very little about it or their view is clouded by misperceptions and half truths if the first rule of war is to know your enemy then we have a long way to go this important book fills this gap with a comprehensive analysis of al qaeda the origins leadership ideology and strategy of the terrorist network that brought down the twin towers and continues to threaten us today bruce riedel is an expert on the middle east and south asia with thirty years of intelligence and policymaking experience he was actually in the white house situation room during the 9 11 attacks serving as special assistant to the president

and national security council senior director for near east affairs he draws on this insider experience in profiling the four most important figures in the al qaeda movement osama bin laden its creator and charismatic leader ideologue ayman zawahiri its egyptian coleader and principal spokesman abu musaib al zarqawi leader of al qaeda in iraq until his death in 2006 and mullah omar its taliban host these profiles provide the base from which riedel delivers a much clearer understanding of al qaeda and what must be done to counter it the search for al qaeda reviews how al qaeda was created and developed presenting authoritative and chilling background on the manhattan raid but riedel focuses more closely on what has happened to it since that awful day he outlines al qaeda s ultimate goals which are to drive america out of the muslim world to destroy israel and to create a jihadist caliphate larger than the ottoman empire at its height the profiles and subsequent analysis reveal the network s multipronged strategy for accomplishing those goals draw america into bleeding wars like the one that drove the soviets from afghanistan build a safe haven for al qaeda in pakistan develop other franchises in the islamic world that can overthrow pro american regimes conduct more western attacks along the lines of 9 11 or the transit bombings in madrid and london the book concludes with a strategy for dealing with and defeating this most dangerous menace

failure of intelligence is designed to inform the debate over intelligence policy and suggest a reform agenda the provocative mingling of historical description with contemporary political analysis and reform prescription challenges the conventional wisdom on clandestine collection and ultimately and persuasively asserts that the failure to have diplomatic relations has led to the inability to collect intelligence

this lavishly illustrated volume sheds light for the first time on the true wonders of this ancient city and the echoes and images that have grown up around it over thousands of years the authors bring together a wealth of art works inspired by this ancient city alongside these evocations of an imagined babylon they present the reality of the city exploring the architecture history culture and religious life of the time as well as babylon s legacy today in astronomy astrology and much more

he ran against an unpopular war and president in the name of change human rights and hope america s strongest muslim ally whispered to his closest confidant who knows what sort of calamity he may unleash on the world he provided political and financial sponsorship checks of 150 million to neauphle le chateau outside paris while khomeini plotted to kill the shah of iran and overthrow his nation the french british and germans agreed to support his plan can we have peace in the holy land is there a plan that will work an air france jet loaded with terrorists and journalists delivered carter s holy man to tehran on april fools day 1980 ayatollah khomeini the godfather of world terror proclaimed the first day of the government of god thus giving birth to what is now known as radical islam the fuse had been lit the russians invaded afghanistan and iraq went to war with iran resulting in the deaths of over 2 3 million innocent muslims bin laden used the number of deaths in iran iraq and afghanistan to justify his insane attack on 9 11 carter poured 500 million into the muslim brotherhood calling them freedom fighters we now call them the taliban and al qaeda on inauguration day 1980 shortly after 4 00 am he wire transferred 7 9 billion in an attempt to buy back the hostages after 444 days of humiliation on inauguration day 2009 he released his plan for peace in the holy land to persuade president obama to

weaken israel america s strongest ally in the middle east support terror regimes that have murdered scores of americans and israelis and heed the call to divide jerusalem giving east jerusalem to the palestinian authority as its islamic capital this is an appeasement plan that will not solve the problems in the holy l it will instead unify and embolden radical islam once again book jacket

andrew day embarks on a bicycle trip from halifax to kingston his childhood home as he goes the dual narratives of andrew s life emerge the slow painful death of his father and the disappearance of betty who may be lost to him forever he contemplates too the nature of desire en route andrew sloughs off his fears material goods and attachments in episodes of intensifying violence he leaves the highway and rides the back roads under the cover of night by the time he arrives home an epiphany greets him darryl whetter writes with compelling intensity of athleticism and degeneration isolation and community the weight of desire and the joy and anguish present in all things
